

# Al-Ibdaa Mawalleh Newsletter

March 2019

Hello from the office!

Earth and Science has been our theme for the month of March, and our students have really shown their commitment to saving the environment. During our assemblies we have learned to reduce, reuse and recycle as well as how to treat the environment with respect. Our plastic bottle cap collection for the wheelchair recycling program was a resounding success! Thank you AIS family and well done to our AIS superstars! Regards Mrs. Tertia

## Our Learning

### Reading & Writing

Building a reading community in both Arabic and English is always a focus here at school. Remember twenty minutes of reading a day in any language makes a world of difference.

### Super Science and Social Studies Week

Do not forget about our super activity days from the 31<sup>st</sup> of March to the 2<sup>nd</sup> of April. An information sheet was sent home with your child on Thursday the 14<sup>th</sup>. Please contact your child's subject teacher if you have any questions.

### Arabic Public Speaking

Well done to Zuhair in Grade 4B for competing in the Ministry of Education's public speaking competition. We are very proud of your achievement!

### Mathletics

Our Grade 6 class enjoyed participating in the online learning space Mathletics, competing against international students all around the world! In a unique blend of student-driven learning and teacher-led monitoring, they raced to have the most correct answers in one minute.
